Hi LuRhe -

If you have time today, can you please go into JDE and send the address and phone number for John Endriz and Gottfried Dole to Darren?

If you don't have time today let me know and I will take care of it on Monday.

Thanks.

Jean:

Endriz is a former employee from SDL. There is a Gottfried R. Dohle, also from SDL, that could be Rainer. Vanessa, can you confirm? As per the request below, can you look up their last known home address in JDE and forward to Jean.

Subject Re: P1261G - Documents for Signature

Melanie,

I went through this same issue some time ago with someone in your dept (I can't recall who at the moment). Unfortunately, I don't have any current contact information for Rainer. You can try the address that you have (which I didn't have). Short of that, I wouldn't know how to find his current location. If I come up with anything, though, I'll let you know.

Sorry I couldn't be more helpful,

Vince

Subject P1261G - Documents for Signature

Vince,

The CPG Committee has recently reviewed P1261G entitled "Improved Contact Structure for Semiconductor Lasers" by Gottfried Rainer Dohle and yourself. It was decided to proceed to issuance with the current application and to also file a CIP application in the US Patent office. In order to file the CIP, we will be preparing Declaration and Assignment forms for signature by Mr. Dohle and yourself.

Since Mr. Dohle no longer works for JDS, we are unsure if the address we have - 1233 Pedro Street, Apt. 64

San Jose, CA 95126, is current. If you are still in contact with him, can you please confirm his home address and obtain his citizenship information? If not, please let me know as soon as possible. Once I have the information, I will proceed to prepare the forms and send them to you for signature.

Thank you for your assistance.
